

**innovative development marketing using
Site Booster, a unique social multi-media
platform**

barnard marcus
land & new homes

we don't just sit and wait for the buyers, we boost your development to them!

We'll promote your development intelligently and proactively through our **Site Booster** advertising. By using targeted marketing on key social media platforms we make sure your development is seen by over 3,000+ potential buyers.

Once actioned, your **Site Booster** development advert will be live within 72 hours and feature on key social media channels including Facebook, Instagram and Twitter, with each advert lasting at least 10 days.

Our typical advert generates a staggering 500+ 'click throughs'!

**we'll put your development in front of
not just our database, but potential
buyers that haven't even registered**

**our stats show that the targeted
promotion of your development could
lead to higher sales prices and a
faster sales rate***

the stats talk for themselves!

19%

average click
through rate from
each advert

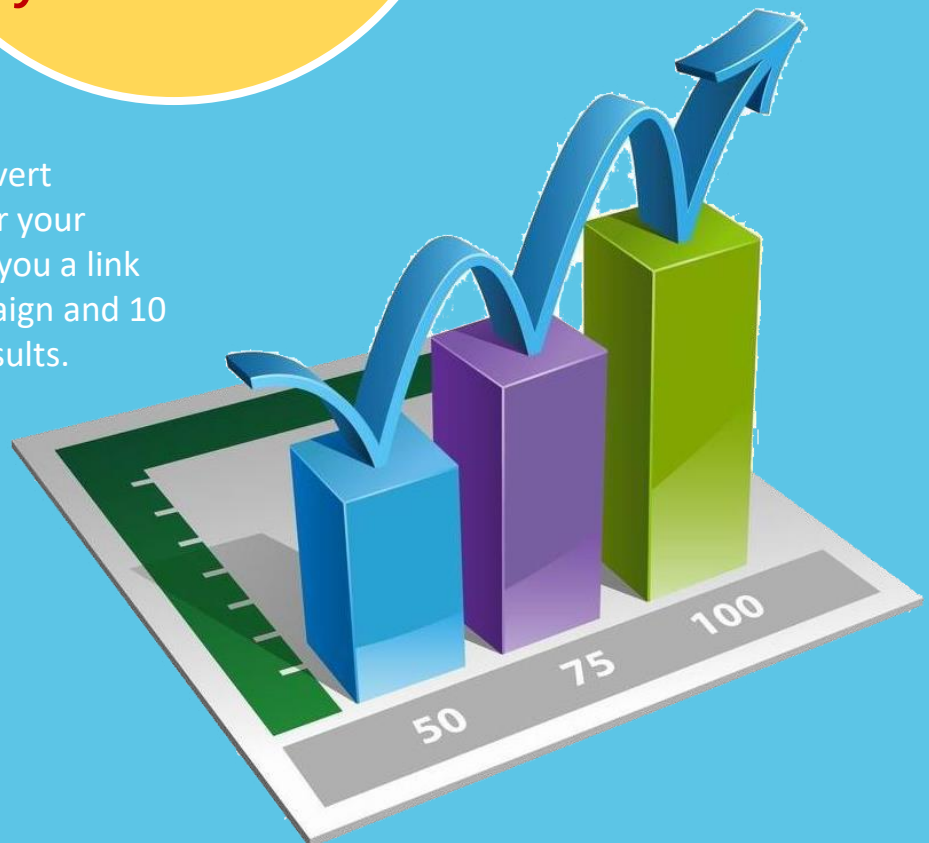

14%

more visitors to
your development
on our website

3000+

active potential
buyers will see
your advert

PLUS we can monitor your advert statistics via a dashboard just for your development and we can email you a link to view at the start of the campaign and 10 days later, we'll send you the results.
